Executive Vice-President’s Report

Ian Dube
USATF Georgia Association

2015 was a great year for the office of Executive Vice-President. As per the by-laws of the Georgia Association the Executive VP acts as the liaison between the Sport Committees and the Board of Directors. In that position I worked closely with several of the committees supporting their events. I attended several events outside the Georgia Association

List of goals accomplished in 2015

1. Maintained the association social media presence (Twitter and Facebook)

2. Represented the Georgia Association at the Georgia Sports Hall of Fame, Period of the African American in Sports a premiere screening of a documentary at Morehouse College

3. Represented the Georgia Association at the Metro Atlanta Chamber Sports Leadership series

4. Negotiated agreement between PT Solutions and USATFGA which saved the Georgia Association $10,000 in medical and training services

5. Represented the association at the Atlanta Public School back to school kick-off

6. Hosted Inside The Oval TV which featured Athletes from the Georgia Association.

7. Represented the Georgia Association at the John Carlos 70th birthday Celebration

Ian Dube

Executive Vice-President
USATFGA
I've been communicating with this association since the early 2000's - about 12 years. I remember attending my first Georgia Association Board Meeting and talking to then President Murray Sanford about taking on the job of newsletter editor. He gladly gave it to me.

Back then I published a quarterly newsletter that was lovingly generated, edited and published - it was a long cycle that started again immediately after the last newsletter was completed. Even after each newsletter was complete and ready to be mailed, we were at the mercy of U.S.P.O bulk mail system which would delay the newspaper delivery by another 3-4 weeks from date of publication. Back then, I had to come up with 99% of the content because no one would contribute any news items. Back then I had to purge the membership database every time I pulled it due to the hundreds of duplicate addresses.

"We've come a long way" - as they say, but some things have not changed. I still come up with more than 90% of the content, and I still have to purge membership lists to get rid of duplicates. What has changed is that our newsletter is now online and more timely since it is published 3 to 4 times a month. It also contributes content to our website.

Transitioning to an online newsletter was another eye opener as each newsletter is similar to developing a web page and requires lots of formatting and editing to ensure that when it is received, it looks well formatted. Each one takes several hours. I do get a few more contributions now, however I typically do not get enough information so there is some research involved in "rounding" out these articles.

Over the years I've invested thousands of hours in keeping the Association informed and it has been a labor of love. I have sent out communications that I was proud of, and communications that I would rather have not sent out at all.

Communicating with our membership and promoting our Association can take on several forms. I've spent:

- Many years working the Publix Georgia Marathon Expo as well as a water station at Mile 7 of the race to ensure that our association had a presence and exposure in the LDR community. (I'm grateful for the volunteers that have supported me over the years.)
- Many years of being present and taking on a primary roll at LDR/Master GP events.
- Many years of sending regional newsletters as Southeast Region Rep, providing news about all the associations in the Southeast Region, including Georgia.
- Many years of volunteering to present workshops at the USATF Association Workshops and Annual Meetings.
- Sending out monthly AEC Newsletters that informed the associations about business being addressed by the Associations Executive Committee.

I've decided it is time to step down and let someone who is willing to invest the time and has the same passion, to take on the very important job of keeping our members informed. Being Vice President of Communications is not about the title, it's about wanting to serve the Association, and rolling up your sleeves to do the work. If you are considering this position, please know that it is an important role that requires dedication and commitment.
**2015 Marketing update**

I secured Fontis Water Company as an official sponsor to provide water for the association once again in 2015. Water was provided for 2 Cross Country meets, the Open Association meet, and our Track and Field Region meet.

I worked with VP Dube on securing Super Shuttle as association sponsor for 2015.

I have gotten the Hampton Inn in Marietta to donate the use of their meeting room so we can have our board meetings at no cost to us.

I helped secure travel grants for youth athletes who made the world youth team and the Pan Am Junior meets.

Membership Report

- 5178 Members Year to Date (Increase of 548 Over This Time Last Year)
- 3701 Youth Members

Numbers submitted by Belinda Turner Membership Chair on July 16, 2015
We expect to continue to grow by the end of 2015 with Clubs renewing in time for the Cross Country Season.

USATF added an on-line tutorial on how to register a club- http://www.usatf.org/Resources-for- --/Clubs/Online-Club- Tutorial.aspx#ClubApplication. The club contact person AND all coaches/volunteers for all Youth Clubs must complete a background screening with TC Logiq Before the Club will be Unlocked for Approval. Background Screenings may take up to 2 weeks to come back cleared. Please make sure that Club Renewals, Individual Memberships, and Background Screenings are done well in Advance of any Meet Entry Deadlines. Most Screenings are cleared within a few days. Contact TC LogiQ at 877-825-6447 if you have questions about any delays in your Screening.

**Club Management Area:**
This allows clubs to do batch processing of memberships, manage their own club rosters, and easily identify if their athletes are birth verified. They can also print their USATF Club Certificate, apply for Practice Insurance Certificates, add practice locations, and change club information, except for club name and club number. Many clubs are not yet taking advantage of this area. Georgia Association instituted early registration fees from November 1 to January 31 for $40.00. This is a good time to do a multiple year registration for $40.00 per year. February 1 to October 31, the fee is $60.00 per club. The Late Registration Fee is $100 for a total of $160 and goes into effect at 12:01 am on May 1st, so renew your club early.

Reminder: ALL Coaches and Volunteers Must complete the Annual Background Screening with USATF/TC Logic BEFORE a Club will be approved and active. Only Approved Clubs have the USATF Practice Insurance. Complete all aspects of Club and Membership Registration well in advance of any Meet Registration Deadlines. Please note the following Safe Sport program that must be completed by ALL Coaches and Volunteers by December 31, 2015. This program affects the status of your background screening and therefore the status of your Club Registration.

For the safety of our athletes, particularly our youth athletes, USA Track & Field has committed to providing a safe environment in which our athletes compete and train. We believe this is paramount to the success of all our programs.

The United States Olympic Committee (USOC) has recommended USATF implement the program in 2014 and it will be required of all Olympic national governing bodies (NGB’s) by 2015. Coupled with our Coaches Registry, our goal is to gain awareness and protect the participants in our sport at all levels, but particularly those athletes who are 18-and-under.

The SafeSport course is an online training module put together by the USOC. The course covers fourteen lesson areas that include, but are not limited to, sexual, physical and emotional misconduct; local and overnight travel; bullying and harassment. The training videos in total are approximately 90 minutes long and include four quizzes and a final exam.
All USATF National Staff, Board Members, Youth Committee members, registered agents, coaches on the Coaches Registry, youth club coaches and youth club administrators are required to complete the USOC SafeSport course no later than December 31, 2015 to maintain active status in those roles.

Visit the SafeSport website at SafeSport.org to begin the process.

USATF will also be facilitating opportunities to take the USOC SafeSport course at select National events. Details of those are listed below:

Online Sanction Processing

We are happy to report that Online Sanction Processing has improved since its initial roll out in 2013 with additional capabilities added. Event Directors can now post their events on the national calendar, submit their sanctions, and request certificates of insurance online and get approval within 3 days. After their events are over, they can go back online and file their post event reports and any incident reports. This has made this a 95% paperless process.

What does this mean for the event director?
1. A more efficient and user friendly process for sanctions.
2. Ease of use and more capabilities – process your sanction anytime, from anywhere!
3. Ability to order certificates of insurance online.
4. Quicker and less impact to the environment (no paper and no mailing/faxing!).

Your USATF Georgia Sanctions Chair is also responsible for sanctioning all of the Association’s championships. Visit the USATF Georgia Association Online Sanction Calendar for all sanctioned events:

The Budget & Finance (B&F) Committee has worked tirelessly and accomplished many objectives this operating year. The committee members are:

Carl Anderson, Chair  
Kellie Crawford  
LaTarvia Shanks  
Alvin Fraser

A few of the highlights from this year are listed below. Please advise if you have any questions or comments in its regard. It is truly a pleasure serving USATF-GA.

- Advisory assistance of the online financial management system implementation (QuickBooks) which aids in stability, consistency and transparency.
- Advisory assistance of the single-bank operating account system implementation to aid in stability, consistency and transparency.
- 2015 Budget preparation and management
- Establishment of a comprehensive cash management process to alleviate potential variances in receipts.
- Completion of the USATF-GA Finance/Accounting/Budget/Audit policies and procedures establishing processes that foster redundancies and checks-and-balances within all financial matters of USATF-GA. Vote/Approval pends although the B&F committee remains confused as to why the outgoing Board of Directors has not done so.

Thank you.
